Marlene H. Dortch, Secretary Federal Communications Commission Office of the Secretary 9300 East Hampton Drive Capitol Heights, MD 20743

Re: WC Docket No. 14-58, ETC Annual Reports and Certifications

Dear Ms. Dortch:

Pursuant to the Federal Communications Commission's rules, Hawaiian Telcom, Inc. ("HTI") is providing the Commission with a copy of its completed and certified Form 481.

Copies of this report are also being submitted to the Universal Service Administrative Company, the Hawaii State Public Utilities Commission and to relevant tribal authorities, in accordance with CFR § 54.313(h)(2)(i).

HTI requests that the Commission keep the following materials included in Form 481 confidential and not release the information to the public if requested: Section 200, data concerning voice service outage reports; Section 300, unfulfilled service requests (voice); Section 310, detail on attempts to provide voice service; Section 320, unfulfilled service requests (broadband); Section 330, detail on attempts to provide broadband service; Section 410, customer complaints (voice); and Section 440, customer complaints (broadband).

A confidential version of HTI's Form 481 has also been filed with the Commission via Overnight Mail.

Statement pursuant to 47 C.F.R. § 0.459(b)

(1) Identification of the specific information for which confidential treatment is sought.

Data regarding the number and nature of voice service outages, unfulfilled service requests for voice and broadband, detail on how HTI attempts to satisfy requests for service, and customer complaints regarding voice and broadband service.

¹ See 47 CFR §§ 54.313 and 54.422.

Ms. Marlene Dortch June 26, 2017 Page 2

(2) Identification of the Commission proceedings in which the information was submitted or a description of the circumstances giving rise to the submission.

HTI is providing the confidential information identified above in response to 47 C.F.R. §§ 54.313 and 54.422.

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.

The information contained in the attachments includes business operations information which would be useful to any competitor in determining how to compete with HTI in its offering of telecommunications services.

(4) Explanation of the degree to which the information concerns a service that is subject to competition.

There is significant competition among telecommunications providers in the State of Hawaii.

(5) Explanation of how disclosure of the information could result in substantial competitive harm.

HTI's competitors could use the confidential and proprietary business information in determining the way in which they offer their services, including advertising therefor, thereby giving them an advantage in offering telecommunications services to the public.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure.

This information has been maintained on a confidential basis in company files that are not ordinarily accessible by the public except for the following two disclosures. The FCC outage reporting data has been filed, and is routinely made confidential, by the Commission. The information has been provided to the Hawaii State Public Utilities commission pursuant to a protective order under which the information is not released to the public, and the state commission maintains the confidentiality of this data.

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.

The information would not ordinarily be disclosed to parties outside HTI, except to government agencies pursuant to an HTI request for confidentiality.

Ms. Marlene Dortch June 26, 2017 Page 3

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure.

The material should be withheld from public disclosure as long as the data in question would provide a basis for competitors to gain insight into the business operations associated with HTI's telecommunications services.

(9) Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.

Under applicable Commission and court rulings, the subject material must be kept free from public disclosure. Exemption 4 of the Freedom of Information Act shields information which is (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. See Washington Post Co. v. U.S. Department of Health and Human Services, 690 F.2d 252, 266 (D.C. Cir. 1982). The attached information clearly satisfies the first two elements of that test. With respect to the third element of the above test, information is considered to be "confidential" if disclosure is likely, inter alia, to harm substantially the competitive position of the person from which the information was obtained. National Park and Conservation Ass'n. v. Morton, 498 F. 2d 765, 770 (D.C. Cir. 1974). As explained above, disclosure of the information would result in competitive harm because it would enable rivals to learn the business operations details associated with HTI's telecommunications offerings. Moreover, the data are "of a kind that the provider would not customarily release to the public." Critical Mass Energy Project v. NRC, 975 F.2d 871 (D.C. Cir. 1992).

Please contact me at (808) 546-7730 if you have any questions pertaining to this filing.

Sincerely,

Candace Donohoe

Sr. Manager, Regulatory Affairs

Candace Drohoe

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions - FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

relevant geographic area.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
Broadband Deployment Locations – FCC 14-98 (para	ngraph 80)	
4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the	Name of Attached Document Listing Required Information

(510) Description of Compliance with Service Quality Standards and Consumer Protection Rules – Voice Service

Hawaiian Telcom, Inc. ("HTI" or "Company") certifies that it is in material compliance with applicable service quality standards and consumer protection rules for voice service for data year 2016.

HTI files service quality and compliance reports ("Status Reports") on a monthly basis with the Hawaii Public Utilities Commission (PUC) in accordance with Order No. 13950, issued June 9, 1995 in Docket No. 7579. These Status Reports provide HTI's performance with regard to the following PUC-required service quality measures:

- 1. Total Customer Trouble Reports per 100 Lines
- 2. Percent Dial Tone Speed Within 3 Seconds
- 3. Percent Completions: Dial Service Results
- 4. Percent Out of Service Troubles Cleared in 24 Hours
- 5. Percent of Operator Toll Calls Answered Within 10 Seconds
- 6. Percent of Operator DA Calls Answered Within 10 Seconds
- 7. Percent Repair Calls Answered Within 20 Seconds
- 8. Percent Repair Commitments Met
- 9. Percent IXC Common Trunk Group Performance
- 10. Percent Continuity Test Failure Rate
- 11. Percent Installations Completed Within 3 Days
- 12. Percent Business Combined Install/Billing Office Calls Answered Within 20 Seconds
- 13. Percent Residential Combined Install/Billing Office Calls Answered Within 20 Seconds

HTI is also compliant with consumer protection rules. For example:

- The Company safeguards all Customer Proprietary Information, and performs required customer notification of its privacy policies.
- 2. HTI complies with the requirements of the FCC's Truth-in-Billing rules, as well as the requirement to inform all customers that bill blocking is available to prevent unauthorized third-party billing.
- 3. HTI offers free complete and selective (per call) Caller ID blocking.
- 4. HTI has a Customer Relations team, which assists customers to resolve any difficulties with their HTI voice service.

Attachment 623100hi510 Page 2 of 3

(510) Description of Compliance with Service Quality Standards and Consumer Protection Rules – Broadband Service

Hawaiian Telcom ("HT" or "Company") certifies that it is in material compliance with applicable service quality standards and consumer protection rules for broadband service for data year 2016.

The Company publishes its Broadband Policy on its website, at http://www.hawaiiantel.com/aboutus/BroadbandPolicy/tabid/1498/Default.aspx.

With regard to service quality standards:

- 1. HT's broadband network complies with all standards pertaining to IP networks such as the Broadband Forum, the International Telecommunications Union, and the Internet Engineering Task Force.
- 2. HT broadband customers can conduct tests of their service speed at speedtest.hawaiiantel.net.
- 3. HT practices reasonable network management. It measures and monitors its network performance, which involves the performance of users' Internet connections and HT's network as part of this process.
- 4. Bandwidth is provided on a per-line basis, and the speed and bandwidth available to each computer or device connected to the network varies depending upon the number, types and configuration of computers or services using the bandwidth and the type of use (e.g., streaming media or downloading larger files, etc.), network or Internet congestion, and/or the condition of the subscribers' telephone line and inside wiring.
- 5. HT prohibits its subscribers from using the broadband service in a manner that impairs the user experience of other users, or that otherwise impairs network performance.
- 6. HT does not block lawful content, applications, services or non-harmful devices, subject to reasonable network management.
- 7. HT does not unreasonably discriminate in transmitting lawful network traffic over a subscriber's broadband internet access service, subject to reasonable network management.

HT is also compliant with consumer protection rules.

- HT has a Privacy Policy applicable to the individually-identifiable information of its
 customers obtained online, or information about a customer or a customer account or
 service. Such information is not disclosed without proper authorization or unless
 required by law.
- 2. The Company safeguards all Customer Proprietary Information, and performs required customer notification of its privacy policies.
- 3. HT is subject to the provisions of the Electronic Communications Privacy Act, 18 U.S.C 2701 et seq, which prohibits an electronic communications service provider from producing the contents of electronic communications, even pursuant to subpoena or court order, except in limited circumstances.

Attachment 623100hi510

Page 3 of 3

- 4. HT discloses its email retention and deletion policy to ensure that subscribers understand how long received, sent and deleted emails are retained on the Company's email system.
- 5. HT customers can learn how to protect their personal computer and personal data at hawaiiantel.com/security.
- 6. HT provides a thirty day money back guarantee; customers may cancel service within thirty days of their Service Ready Date if they are not satisfied with the service, and obtain a full refund of all monthly and one-time charges paid. Early termination charges will not apply to service terminated within the money-back guarantee period. (Company-provided equipment must be returned in good working condition.)
- 7. HT has a Customer Relations team, which assists customers to resolve any difficulties with their HT broadband service.

(610) Description of Functionality in Emergency Situations – Voice Service

Hawaiian Telcom, Inc. ("HTI") certifies that it has the ability and capability to maintain reasonably functional voice service in emergency situations. HTI has an established history of successful disaster recovery in emergency situations, including earthquakes, hurricanes and island-wide power outages. HTI maintains its readiness to respond to emergencies and to remain functional through the following coordinated efforts:

- Performing regular updates to ensure that HTI's emergency preparedness and governance policies are kept current. Plans include established locations and personnel for a centralized Emergency Operations Center and regional District Control Centers.
- Holding company-wide drills which simulate a disaster, its impacts to HTI's operations, and HTI's response to these impacts.
- Maintaining an emergency material supply process with national suppliers.
- Subscribing to all appropriate emergency and security alerts and warnings.
- Maintaining memberships in national associations, forums and organizations, such as the FCC Network Reliability and Interoperability Council, and the USTA Security Council, where standards and best practices for emergency preparedness are established.
- Working to prevent emergency situations through a program or information and cyber systems protection, and by protecting its physical infrastructure.
- Use of HTI's Network Operations Center (eNOC) to monitor the Company's statewide network 24 hours per day/7 days per week.
- Installation and maintenance of batteries and generators for emergency power supplies in Central Offices and other critical network infrastructure components.
- Designing and maintaining redundancy in network configurations, to avoid single points of failure and to allow for alternate routing of traffic.
- Ensuring availability of satellite phones, if needed, for communications between disaster recovery teams.
- The use of direct "hot lines" to local emergency response agencies, such as State, City and County Civil Defense Agencies.
- Use of the FCC's Telecommunications Service Priority guidelines for service restoration.

(920) Tribal Government Engagement Obligation

Hawaiian Telcom, Inc. ("HTI") serves Hawaiian Home Lands throughout the state of Hawaii. In 1921, the US Congress passed the Hawaiian Homes Commission Act, which set aside approximately 200,000 acres of land to establish a permanent homeland for Native Hawaiians. The Department of Hawaiian Home Lands (DHHL), which administers the land trust, is an agency of the State of Hawaii. The members of the Hawaiian Homes Commission, a ninemember executive board which directs the activities of DHHL, are appointed by Hawaii's Governor with the advice and consent of the State Senate.

The Office of Hawaiian Affairs (OHA) was established during the 1978 Hawaii Constitutional Convention as a public trust, mandated to better the conditions of both Native Hawaiians and the Native Hawaiian Community in general. It also receives funding from the State of Hawaii. The nine members of its Board of Trustees are elected in public elections open to all State of Hawaii voters.

Steven Golden, Vice-President, External Affairs, and Jason Thune, Director, Network Planning from HTI met with Kai Markell, Manager, Compliance Enforcement from OHA, on November 3, 2016. The purpose of the meeting was to discuss Connect America Funding (CAF) and how this program may impact tribal lands, to update OHA on current HTI initiatives with regard to broadband expansion, and to obtain feedback from OHA on CAF implementation and other telecommunications issues. The discussion included (i) Needs assessment and deployment planning with a focus on Tribal community anchor institutions; (ii) Feasibility and sustainability planning; (iii) Marketing services in a culturally sensitive manner; (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and (v) Compliance with Tribal business and licensing requirements.

HTI also scheduled a meeting with representatives of DHHL for November 30, 2016, which was rescheduled to December 15, 2016. The day before the meeting, DHHL staff called to inform HTI that they were unable to confirm their attendees for the meeting and that they would notify HTI of a new meeting time, which could be either in person or via conference call. Unfortunately, DHHL did not respond to HTI regarding rescheduling the meeting before year end.

Attachment 623100hi920 Page 2 of 2

Although specific parcels are designated as Hawaiian Home Lands, they remain under the jurisdictions of the state of Hawaii and/or the various counties in which they are located, with respect to rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and business and licensing requirements. HTI therefore continues to follow all State and/or County regulations when providing services to the Hawaiian Home Lands.
